Rosa pastel

La paleta de tonos pastel está muy presente y el rosa es el favorito. El vaquero de toda la vida será muy buen aliado, suaviza y rejuvenece. El matrimonio perfecto. Y nada empalagoso. MODA

Print hawaiano

La seriedad del traje sastrero llevada al verano se aligera con los estampados más tropicales, desenfadados y alegres.

Sastro de hilo estampado: MICHAEL KORS COLLECTION; Jersey: ZARA; gorro: MALABABA; sandalias: BIMBA Y LOLA; y cinturón: MAGDA BUTRYM para mytheresa.com

Hay tendencias que te sonarán de otros veranos, pero créenos, nada es lo mismo. El marinero, el militar, los tonos pastel... vuelven pero desde otro prisma: con aires más masculinos, menos recargados y potenciando el amor por lo simple y el patrón limpio. ¿Y qué papel tienen entonces los accesorios? Comparten esta filosofía y, sin llegar a lo minimalista, se pulen: bolsos pequeños, cinturones, sandalias trenzadas. Todo un canto a la sencillez.
